The Department of Public and Environmental Safety

We are pleased to present this year’s edition of our Annual Security and Fire Safety Report. This publication represents one of Tufts’ many efforts to comply with the Crime Awareness and Campus Security Act of 1990, the Jeanne Clery Act of 1998, and all other applicable requirements, including the Violence Against Women Act (VAWA) Amendments to the Clery Act. Included in the report are guidance and resources for the prevention and awareness of sexual assault, dating and domestic violence, and stalking, as well as programs and policies required under the Drug-Free Schools and Communities Act Amendments of 1989, the Drug-Free Workplace Act of 1988, and the Higher Educational Opportunity Act of 2008.

The Department of Public and Environmental Safety (DPES) is committed to providing a safe and secure living, educational and working environment for our students, faculty and staff. While reported crime at Tufts University remains comparatively low, it is important to remember that the safety and security of our campuses is the responsibility of the entire community. Crime prevention is significantly enhanced when we work in partnership, remaining vigilant and reporting suspicious activity, thus reducing opportunities for crime to occur.

The Department of Public and Environmental Safety looks forward to working with you as we begin a new academic year. We welcome your input and feedback.

If you have any questions or comments about Tufts University’s Annual Security and Fire Safety Report please contact us.

VIOLENCE-FREE UNIVERSITY POLICY STATEMENT

Tufts University is committed to maintaining an environment where individuals are safe to learn, work, and live. In support of this commitment, Tufts will not tolerate violence or threats of violence anywhere on its campuses or in connection with university-sponsored programs. The university has established threat assessment and management teams to evaluate and address violence and threats of violence made toward members of the Tufts University community.

MISSION STATEMENT

The Department of Public and Environmental Safety exists to support the goals of the university by fostering a safe and secure environment in which members of the Tufts community can learn, work, and live.

Whereas safety and security is a responsibility shared by the entire community, the mission is achieved by applying leadership and our unique expertise to partnerships designed to prevent loss, reduce harm, and solve problems.

ABOUT TUPD

The Tufts University Police Department (TUPD) is headquartered on the Medford/Somerville campus with stations on the Boston and Grafton campuses. On June 17, 2005, the Massachusetts Police Accreditation Commission awarded accreditation status to TUPD. The commission voted to make TUPD the 18th department in the Commonwealth to achieve this prestigious recognition. To achieve accreditation, the department demonstrated its compliance with over 300 standards covering a broad range of organizational and operational policies and procedures. The department has maintained its accreditation status via a reassessment every three years, most recently satisfied in June 2017.

TUPD officers are trained at state-certified law enforcement training academies and maintain certification through ongoing in-service and specialized training programs. Many members of the police department have higher education degrees in criminal justice and related fields. Our university police and security personnel are carefully screened before being selected, well trained, and committed to working with you to provide for the safety and security of our community.

TUPD receives its authority from the Commonwealth of Massachusetts. All TUPD officers are appointed as special state police officers under the provisions of Massachusetts General Law Chapter 22C, Section 63.

Officers assigned to the Medford/Somerville and Boston campuses may, at times, be designated as deputy sheriffs in Middlesex and Suffolk Counties, respectively. Officers assigned to the Grafton campus may also be designated as special police officers in the towns of Westborough and Grafton. Generally, TUPD officers are authorized to make arrests for criminal offenses committed in or upon lands or structures owned, leased, used, or occupied by the university, or in places where university business is conducted. This authority extends beyond the confines of the various campuses as determined by the acquisition of local special police status or deputy sheriffs’ authority or by previous court decisions.

The Tufts University Police enjoy strong professional relationships with state and local law enforcement agencies and have Communications Memoranda of Understanding with the following agencies: Somerville, Medford, Grafton, and Westborough. Although currently there are no formal operational Memoranda of Understandings with our municipal partners, cooperative programs and information exchanges are ongoing priorities. Through these relationships, TUPD relays information to the university community on crimes that may pose a threat to students or employees on any of the campuses. Operational and technical support is mutually provided when necessary.

CAMPUS SECURITY AUTHORITIES AND COLLECTION OF CRIME STATISTICS

Federal law requires the university to disclose statistics concerning the occurrence of certain crimes enumerated in the Clery Act that occur within the university’s Clery geography and that are reported to campus security authorities (CSAs) and local law enforcement. Under the law, CSAs include any member of TUPD; any individual who has responsibility for campus security, but who is not a member of the police department; any individual identified by the university as someone to whom a crime should be reported; and any university official who has significant responsibility for student and campus activities. Individuals serving the university as CSAs vary based on their job function, and include by way of example but are not limited to: associate deans of Residential Life and Student Services, the Executive Director of the Office of Equal Opportunity and Title IX coordinator, Title IX liaisons, deans of students, judicial affairs officers, coaches, resident directors and resident assistants, and student group advisors. It is important to note that pastoral and professional counselors are confidential sources at Tufts and as such are not CSAs when receiving information in their professional capacity. Clery Act crimes reported to CSAs or to TUPD are included in the annual statistical disclosure.

Reasonable attempts are made to identify all reported crimes and to present the statistics in this report as well as offenses known by or reported to TUPD. These attempts include collecting information from CSAs and other members of the University community, and from Boston, Somerville, Medford, Grafton, and Westborough police, among other law enforcement sources. Information collected over the course of the year that is within Tufts’ Clery geography and reportable under the Clery Act is included in this Annual Security and Fire Safety Report. The categories of crimes reportable under the Clery Act are detailed on page 18.

THE JEANNE CLERY ACT

Information in this report represents one of our efforts to comply with the Jeanne Clery Act. Information about some of the requirements of the Clery Act is provided below.

Campus Crime Data

The Jeanne Clery Act, a consumer protection law passed in 1990, requires all colleges and universities that receive federal funding to share information about crime on campus and their efforts to improve campus safety as well as to inform the public of crime in or around campus. This information is made publicly accessible through the university’s Annual Security and Fire Safety Report. The Department of Public and Environmental Safety (DPES) is responsible for preparing and publishing the university’s Annual Security and Fire Safety Report. DPES prepares the Annual Security and Fire Safety Report in collaboration with and with input from various other departments on and off campus.

Support for Victims

Under the Act, institutions must provide survivors of sexual assault, domestic violence, dating violence, and stalking with options such as changes to academic, transportation, living, or working situations, and assistance in notifying local law enforcement of the reported conduct, if the student or employee chooses to do so. Tufts is obligated to comply with a student’s reasonable request for a living and/or academic situation change following an alleged sex offense. This Report provides a number of options available to students in terms of reporting options, accommodations and interim measures, and resources and supports.

Policies and Procedures

Colleges and universities must outline specific policies and procedures within their annual security and fire safety reports, including those related to disseminating timely warnings and emergency notifications; options for survivors of sexual assault, domestic violence, dating violence, and stalking; and campus crime reporting processes. This Annual Security and Fire Safety Report includes this information.

After review and careful consideration of recently issued guidance from the U.S. Department of Education, the University will begin this year to report crimes that occur in the Tufts Medical Center (TMC) facility and the public property adjacent to TMC. It should be noted, however, that TMC is a separate corporate entity from Tufts University and its buildings are not owned or secured by the University. Crime statistics for TMC are included in the 2016 tallies and as a result, show an increase in certain categories of crimes.

There was one hate crime to report in 2015, which was an act of vandalism on campus with a race bias. There was also one to report in 2016, which was a simple assault on public property with a race bias. Unfounded crimes: 2015 = 0, 2016 = 0

Reported crimes may involve individuals not associated with the institution.

**Tufts University assumed operational control of the School of the Museum of Fine Arts on July 1, 2016. There are no hate crimes or unfounded crimes to report July 1–December 31, 2016.**
CLERY ACT CRIME DEFINITIONS

Murder and Non-Negligent Manslaughter
The willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to murder, assaults to murder, suicides, fetal deaths, traffic fatalities, accidental deaths, deaths where a victim dies of a heart attack as the result of a crime (even where known to have a weak heart), and justifiable homicides (e.g., killing of a felon by a peace officer in the line of duty, killing of a felon during the commission of a felony by a private citizen) are excluded.

Manslaughter by Negligence
The killing of another person through gross negligence of another. Traffic fatalities, accidental deaths not resulting from gross negligence, or death due to an individual’s own negligence are excluded.

Robbery
The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault
An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Aggravated assault includes assaults or attempts to kill or murder; assault with a dangerous or deadly weapon; maiming; mayhem; and assault with disease, explosives, and poisoning (including the use of date rape drugs).

Motor Vehicle Theft
The theft or attempted theft of a motor vehicle, including any self-propelled vehicle that runs on land surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category. (Classifies as motor vehicle theft all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned—including joy riding.)

Arson
The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another kind.

Burglary
The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: offenses that are classified by local law enforcement agencies as burglary, unlawful entry with intent to commit a larceny or a felony, breaking and entering with intent to commit a larceny, housebreaking, safecracking, and all attempts to commit any of the aforementioned.

Sex Offenses
Any sexual act directed against another person without consent of the victim, including instances where the victim is incapable of giving consent.

• Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

• Fondling: The touching of the private body parts of another person for the purpose of sexual gratification without consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

• Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

• Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

CLERY ACT HATE/BIAS CRIMES
A hate crime is defined as a criminal offense committed against a person or property that is motivated in whole or in part by the offender’s bias. A hate crime is a criminal offense that manifests evidence that a victim was intentionally selected because of the perpetrator’s bias against the victim. A hate crime is not a separate, distinct crime but is the commission of a criminal offense that was motivated by the offender’s bias. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim’s perceived or actual race, gender, gender identity, religion, sexual orientation, ethnicity, national origin, or disability, the crime is classified as a hate crime.

Bias
Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, gender identity, religion, disability, sexual orientation, ethnicity, or national origin.
Although there are many possible categories of bias, under Clery only the following eight categories are reported:

- **Race:** A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).

- **Gender:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender (e.g., male or female).

- **Gender Identity:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity (e.g., bias against transgender or gender non-conforming individuals).

- **Religion:** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).

- **Sexual Orientation:** A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation.

- **Ethnicity:** A preformed negative opinion or attitude toward a group of people whose members identify with each other through a common heritage, often consisting of a common language, common culture (often including a shared religion), and/or ideology that stresses common ancestry.

- **National Origin:** A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.

- **Disability:** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Tufts University is required to report statistics for hate/bias crimes by the type of bias for the prior listed offenses (see definitions above) as well as the crimes of larceny, simple assault, intimidation, and vandalism (see definitions below).

The below listed crimes are not Clery reportable crimes unless the crime was motivated by bias.

- **Larceny-Theft:** The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. (Note: Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.)

- **Simple Assault:** An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

- **Intimidation:** To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

- **Destruction/Damage/Vandalism of Property (Except “Arson”):** To willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

A hate crime is not a separate, distinct crime, but is the commission of a criminal offense that was motivated by the offender’s bias. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim’s race, religion, ethnicity, national origin, gender, gender identity, sexual orientation, or disability, the crime is classified as a hate crime. Sufficient objective facts must be present to lead a reasonable and prudent person to conclude that the reported actions were motivated in whole or in part by bias.

**Domestic Violence, Federal Definition**

(1) A felony or misdemeanor crime of violence committed (i) by a current or former spouse or intimate partner of the victim, (ii) by a person with whom the victim shares a child in common, (iii) by a person who is cohabitating with or has cohabitated with the victim as a spouse or a partner, (iv) by a person similarly situated to a spouse of the victim under the domestic violence laws of the jurisdiction in which the crime of violence occurred, or (v) by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

**Dating Violence, Federal Definition**

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. (1) The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. (2) For purposes of
this definition: (i) Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. (ii) Dating violence does not include acts covered under the definition of domestic violence. (3) For the purposes of complying with the requirements of this section, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Stalking, Federal Definition**

(1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (i) Fear for the person's safety or the safety of others; or (ii) suffer substantial emotional distress. (2) For the purposes of this definition: (i) Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. (ii) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. (iii) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

**Liquor Law Violations**

The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages. This includes: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; underage possession; using a vehicle for illegal transportation of liquor; drinking in public; drinking on a train or public conveyance; and all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition.)

**Drug Abuse Violations**

The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

**Weapon Law Violations**

The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons. This category encompasses weapons offenses that are regulatory in nature. This includes: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using or manufacturing of silencers; furnishing deadly weapons to minors; aliens possessing deadly weapons; and all attempts to commit any of the aforementioned.

**SELECTED MASSACHUSETTS STATE DEFINITIONS**

The following definitions are, as required by the Clery Act, provided as part of the university's efforts to educate its community about Massachusetts state criminal laws that apply to behavior that is counted for Clery Act purposes in the university's crime statistics as sexual assault, domestic violence, dating violence, and stalking. The most closely analogous state crime law definitions are set forth below. Notwithstanding these state law definitions, crime statistics compiled by the university will be compiled by using the federal definitions set forth above.

**Rape**

Under Chapter 265, Section 22, of the Massachusetts General Laws (M.G.L.), rape is defined as: Having sexual intercourse or unnatural sexual intercourse with a person and compelling such person to submit by force and against his or her will, or compelling such person to submit by threat of bodily injury.

**Statutory Rape (16 or Under)**

Pursuant to M.G.L. Chapter 265, Section 22A and Section 23, whoever has sexual intercourse or unnatural sexual intercourse with a child under 16, and compelling such child to submit by force and against his or her will or compels such child to submit by threat of bodily injury is prohibited by law.

**Indecent Assault and Battery of a Person Under 14**

M.G.L. Chapter 265, Sections 13B, 13B½, 13B¾, 13BF also prohibit indecent assault and battery of a person under 14 and persons over 14 in general, by mandatory reporters, by individuals previously convicted of a crime, and where intellectual disability of the victim exists. Although these chapters do not provide for a statutory definition, it should be noted that conduct such as touching an individual in an...
indecent way including touching a person’s breasts, buttocks, or pubic areas, among other body parts, is prohibited by this law. Consent of the person under age 14 will not be considered as part of the evaluation of this crime.

**Indecent Assault and Battery of a Person Over 14**

M.G.L. Chapter 265, Section 13H also prohibits indecent assault and battery of a person over 14. Although this chapter does not provide for a statutory definition, it should be noted that conduct such as touching an individual in an indecent way including touching a person’s breasts, buttocks, or pubic areas, among other body parts, may be prohibited by this law. Consent to the touching will be considered in the evaluation of this crime.

**Domestic Violence**

Massachusetts does not have one state definition of dating or domestic violence. However, the most commonly used definition applied to dating and/or domestic violence is found in M.G.L. Chapter 209A, which affords complainant/victim/survivors of domestic violence (and other relationship violence) the option to apply for an order of protection (“restraining order”) in the state courts.

Under M.G.L. Chapter 209A, §1, the definition is drawn from the following:

“Abuse,” the occurrence of one or more of the following acts between family or household members:

(a) attempting to cause or causing physical harm;
(b) placing another in fear of imminent serious physical harm;
(c) causing another to engage involuntarily in sexual relations by force, threat, or duress . . .

. . . “Family or household members,” persons who:
(a) are or were married to one another;
(b) are or were residing together in the same household;
(c) are or were related by blood or marriage;
(d) have ever married or lived together; or
(e) are or have been in a substantive dating or engagement relationship, which shall be adjudged by district, probate, or Boston municipal courts’ consideration of the following factors:

1. the length of time of the relationship; (2) the type of relationship; (3) the frequency of interaction between the parties; and (4) if the relationship has been terminated by either person, the length of time elapsed since the termination of the relationship.

**Stalking**

Under Massachusetts law, M.G.L., Chapter 265, Section 43, an individual engages in stalking if s/he:

1. willfully and maliciously engages in a knowing pattern of conduct or series of acts over a period of time directed at a specific person that seriously alarms or annoys that person and would cause a reasonable person to suffer substantial emotional distress; and

2. makes a threat with the intent to place the person in imminent fear of death or bodily injury.

**Consent**

There is currently no statutory definition of consent in Massachusetts criminal law.

**COMMUNITY ORIENTED POLICING AND PROBLEM SOLVING (COPPS)**

TUPD has implemented a self-initiated process to reevaluate, recommit, and renew its focus on strengthening community-police relations while creating a culture of prevention through partnerships and collaborative problem solving. To meet this objective, TUPD made an organizational commitment to develop and implement strategies designed to support the philosophy of Community Oriented Policing and Problem Solving (COPPS).

The COPPS philosophy recognizes that safety is a shared responsibility that is best achieved when working in partnership with the community. Frequent community engagement sets the foundation that is needed to build sustained and meaningful partnerships and engage in collaborative crime prevention and/or problem-solving strategies.

This initiative is an ongoing evolutionary process that incorporates periodic self-assessments and a commitment toward identifying and/or pursuing promising ideas and emerging practices that are designed to support the philosophy of COPPS.

**COPPS Programs**

- **ResCop**—The Residential Community Policing or the “ResCop” program is designed to enhance engagement between TUPD and the residence life community, and to work in partnership to prevent crime and address safety, security, and quality of life issues within the residence halls. Select TUPD officers are assigned to work in collaboration with Residence Life staff, RAs, and student
residents, and act as liaisons between Residential Life and Public Safety. ResCop Officers frequently attend various residence hall activities and are available to assist with crime prevention and safety programs.

- **Geographically Based Community-Oriented Policing and Problem Solving**—Geographically based deployment plans help to improve the level of service and facilitate more contact between the police and the community stakeholders within a particular service area. TUPD has initiated a geographically based deployment plan on the Medford/Somerville campus as a key strategy to build long-term meaningful partnerships through consistency and familiarization.

TUPD officers are assigned to one of three specific areas (beats) within the campus to engage in COPPS initiatives. Officers, through frequent and consistent engagement activities within a defined area, develop a greater sense of local concerns, build stronger ties within the community, and take ownership of problems within their assigned beat. In addition, TUPD provides several programs for students and employees geared toward enhancing safety and security on campus. For example:

- **If I Were a Thief**—This program is designed to help students to remember to lock their dorm room door when they leave, even when going to the restroom or to take a shower. This program is conducted at the beginning of September when the students meet with their resident director and resident assistants for an all-hall meeting.

- **Coffee with a Cop**—TUPD is pleased to offer a nationally recognized program called “Coffee with a Cop,” designed to break barriers between the police and members of the community in an open forum over a cup of coffee. This simple idea brings police officers and community members together—over coffee—to discuss issues and learn more about each other. Members of the community can ask questions, raise concerns, or just say hello and enjoy a cup of coffee with TUPD members.

- **Bicycle Registration**—Students are allowed to bring bicycles to campus, but we ask them to register their bicycle with TUPD. This is a free service. We advise students to register their bicycle so if the bicycle needs to be moved we can contact the student instead of cutting the lock to remove it. Also this program helps in the recovery of a bicycle that is stolen and recovered by another police department. This program is conducted at the Mayer Campus Center at various times throughout the year at residence hall events; students may also register a bicycle at the TUPD Station on their campus or online. This is a free service offered by Public Safety.

- **Laptop Security**—Laptop security, whether it is visual or internal to the computer, is a great deterrent. TUPD will provide information on different devices to help students keep their laptop safe. This is a free service offered by Public Safety.

- **Civilian Active Shooter Response Training**—TUPD offers training for civilians that is designed to increase their chances of surviving an active shooter incident. This training is taught by members of the TUPD and is available to departments, groups, and organizations affiliated with the University upon request.

### SECURITY AWARENESS PROGRAMS

During student orientation in September (Medford/Somerville) and August (Boston and Grafton), students are informed of services offered by the TUPD. Video and PowerPoint presentations outline ways to maintain personal safety and residence hall security. Students are told about crime on campus and in surrounding neighborhoods. Similar information is presented to new employees. Crime Prevention Programs and Sexual Assault Prevention Programs are offered on a continual basis.

TUPD works in partnership with Human Resources to provide crime prevention and safety training to all newly hired employees throughout the year. Those attending receive information and materials on the various Public Safety Services and how to access the Annual Security and Fire Safety Report.

Periodically during the academic year, TUPD, in cooperation with other university organizations and departments, may present crime prevention awareness sessions on all forms of sexual misconduct, including sexual assault, stalking, and dating and domestic violence, as well as sessions on alcohol and drug abuse, theft, and vandalism, and educational sessions on personal safety and residence hall security.

A common theme of all awareness and crime prevention programs is to encourage students and employees to become aware of their responsibility for their own security and the security of others. In addition to seminars, information is disseminated to students and employees through Timely Warnings and Safety Alert posters, displays, videos, and articles and advertisements in university and student newspapers. When time is of the essence, information is released to the university community through Timely Warnings and Safety Alerts sent to university email addresses and/or posted in affected areas of campus.
TUFTS THREAT ASSESSMENT AND MANAGEMENT PROGRAM

The Tufts Threat Assessment and Management Program (TTAM) was approved in October 2013 by President Monaco as a university-wide initiative designed to prevent targeted campus violence. The mission of TTAM is to determine if an individual poses or may reasonably pose a threat of violence to others in the Tufts community and to provide assistance to the individual in order to avert the threat and maintain the safety of the community. TTAM responds to reported threatening behavior exhibited by students, employees, and visitors of the university to ensure that Tufts remains a safe place in which to learn, work, and live. If you become aware of threatening behavior that you believe may pose a threat to our community or one of its members, we encourage you to report the situation to TTAM via one of the following mechanisms: file a report online (anonymously if you so choose) using TIPS or EthicsPoint (http://sites.tufts.edu/ttam/reporting-a-concern/); consult with a TTAM team member (see member listings at sites.tufts.edu/ttam/teams/); email the TTAM team at threatassessment@elist.tufts.edu; or call Tufts University Police. In the case of an imminent situation, always contact Tufts University Police immediately. For more information about TTAM and to view a list of your campus’s team members, visit ttam.tufts.edu.

SECURITY AND MAINTENANCE

Tufts University is like a small city with a large and mobile population. Facilities Services is responsible for the upkeep of university buildings and property.

TUPD, in cooperation with Facilities Services and the Office of Residential Life and Learning, conducts periodic security surveys, lighting surveys, and inspections of electronic security systems in an ongoing effort to examine the need for modification and elevate the level of campus protection.

Channels of internal communications exist to facilitate the repair or improvement of security systems on campus. Facilities Services recognizes the importance of responding promptly to requests that involve security issues.

ACCESS TO FACILITIES

The safety and security of the Tufts community is taken very seriously. Although Tufts encourages the local communities to use its facilities, this policy presents unique challenges in maintaining safety and security. As a result, there are a few general rules in place meant to prevent unauthorized access to university buildings and properties.

During the time period covered by this Annual Security and Fire Safety Report, Tufts maintained residence halls on the Medford/Somerville campus, one residence hall on the Boston-Health Sciences campus, two residence halls on the Boston-SMFA campus and one residential fraternity on the Grafton campus. Residence hall exterior doors are locked 24 hours per day with electronic card access, keypad access, or a mechanical key lock. Only those with authorized access and their escorted guests who have legitimate business inside residence halls are allowed entry. All others are considered intruders and residents are urged to report their presence immediately to TUPD. Access to academic, administrative, and clinical facilities varies by use and location. Duplicating keys, misuse of an access control card, or propping of exterior doors are violations of university rules and violators may be disciplined.

TUPD and the Office of Residential Life and Learning work together to provide interior and exterior door access by electronic cards or keys to authorized residents.

NON-CAMPUS BUILDINGS OR PROPERTIES

TUPD monitors and records through communications with the local police agencies any criminal activity at non-campus locations.

TIMELY WARNING

When TUPD becomes aware of reported crimes that pose a serious or continuing threat to the campus community, a Timely Warning may be issued in the form of a mass email notification. When issued in response to an incident, a Timely Warning is intended to alert the community and to provide guidance to aid in the prevention of similar incidents.

The decision to send a Timely Warning is made by TUPD command staff on a case-by-case basis in light of the facts surrounding a crime, including factors such as the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts.

The content of a Timely Warning will include pertinent information about the crime that triggered the warning and information that would promote safety and that could aid in the prevention of similar crimes. A Timely Warning will never include the name of a reported victim/survivor of a reported crime. When appropriate, follow-up information will be sent out to the community.

Students and employees should report criminal offenses that may warrant a timely warning to TUPD at 617.627.6911 or any extension phone on any campus by dialing x66911.

MISSING STUDENTS POLICY

Tufts University takes the safety and well-being of its students very seriously and has adopted the following policy with
respect to persons who are believed to be missing in accordance with the requirements under The Higher Education Opportunity Act of 2008.

All on-campus residential students have the option to register a confidential contact person to be notified in the event the student is determined to be missing. The confidential contact person, if one is so designated, may be in addition to and separate from the person designated by the student as an emergency contact. Only authorized campus officials and law enforcement officials will have access to this information. If a student opts to register a confidential contact person, a Missing Student Contact Registration Form should be completed and forwarded to the Department of Public and Environmental Safety. This form can be found on the Tufts University Department of Public and Environmental Safety website Missing Student Contact Registration Form publicsafety.tufts.edu/police/httpgo-glhnyfi4 and should be submitted via email at pubsafinfo@tufts.edu or brought to a Tufts University Police Station on any of the four campuses.

Students, employees, or other individuals must inform TUPD or the Dean of Student Affairs Office from the missing student’s school if it is believed that a student is missing. If a student is officially determined by law enforcement to have been missing for more than 24 hours, or if circumstances require more immediate action, the university will notify the local law enforcement agency and the student’s Confidential Contact Person or (if none has been designated) his or her designated emergency contact. If the student is under 18 years of age and is not emancipated, the university will notify the student’s custodial parent or guardian and any other confidential contact person identified by the student.

EMERGENCY MANAGEMENT PROGRAM

EMERGENCY RESPONSE AND EVACUATION

All emergencies should be reported to TUPD (see Reporting Crimes and Emergencies on page 26). Senior administrators in the Department of Public & Environmental Safety are responsible for coordinating university response to emergencies in accordance with plans developed under the leadership of the Director of Emergency Management. Members of the university community should familiarize themselves with the Emergency Response Guide, found online at emergency.tufts.edu/guide, and also available in print. Request a print copy online, or pick one up at the TUPD station on your campus, and keep your print copy readily available in your workplace or campus residence to quickly refer to when needed.

In the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the Tufts community, Tufts University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. A reported emergency will be confirmed by police dispatched to the scene, the use of video security, or a combination of both. A public health emergency will be confirmed through consultation with campus medical providers or local public health authorities. Message content is developed in collaboration with the department(s) with subject-matter expertise for the type of emergency and with the assistance of University Relations—Communications and Marketing; several messages are pre-scripted to enable rapid distribution. Messages are sent to students, faculty, and staff on the affected Tufts campus(es), or posted or announced in areas where affected segments of the campus will see or hear the message. Notification may be made by email, megaphone or public-address announcement, paper postings, or activation of TuftsAlert (emergency alert system). A senior member of the Department of Public and Environmental Safety, including the Executive Director, Director, Deputy Director, or Deputy Chief is responsible for confirmation, selecting the appropriate segment(s) of the university, determining the content, and initiating the notification process; however, in an imminent threat an on-duty police supervisor is empowered to perform these responsibilities, selecting a pre-scripted notification message and directing a member of the department to activate TuftsAlert immediately. After the initial alert message, additional information may be distributed by another alert message, by email, or by web at www.tufts.edu and/or announcements.tufts.edu. The larger community—beyond students, faculty, and staff—may access information at announcements.tufts.edu or via a subscription email list for family of undergraduate students at emergency.tufts.edu/alert/parents.

Messages from TuftsAlert are sent to university email accounts and can be sent by text message to mobile phones, and by voice to any enrolled phone number; however, users must provide their contact information to be included in the system. TuftsAlert messages will be sent to all community members for whom Tufts has contact information on the affected campus(es), and will contain only a very brief description of the type of emergency along with instructions on self-protection. It’s critical that recipients of the alert message follow the instructions immediately. Members of the community are reminded to provide/update their contact information at the beginning of each semester, or may update their contact information at any time by visiting emergency.tufts.edu/alertupdate. A full-scale test of TuftsAlert is performed at the beginning of the fall and
spring semesters on a date that is announced by email and in various campus publications. During these tests, the university will publicize a link to its emergency response procedures in the Emergency Response Guide via email and will document for each test a description of the exercise, the date, time, and how it was announced. Visit emergency.tufts.edu/alert for more information.

Emergency Evacuation
In the event that it becomes necessary to evacuate a building, the fire alarm system, or in some buildings a public announcement system, may be used to notify occupants. When the fire alarm sounds, proceed quickly and calmly to the nearest exit or follow the instructions provided over the announcement system.

SEXUAL MISCONDUCT, SEXUAL ASSAULT, STALKING, DATING AND DOMESTIC VIOLENCE

Tufts Prohibits Sexual Assault, Stalking, Dating and Domestic Violence
Sexual assault and rape are crimes of violence that are prohibited and are never acceptable at Tufts University. Tufts University policy prohibits sex and gender discrimination, sexual harassment, sexual assault, and sexual exploitation. All the aforementioned conduct is referred to in the Tufts policy as “sexual misconduct.” Tufts policy also prohibits relationship violence (including dating and domestic violence) and stalking, all as defined by the Clery Act. Retaliation is also prohibited by Tufts policy. Sexual misconduct covered under Tufts policy can occur in any sex or gender configuration (i.e., between the same sex or different/other sex or gender) and regardless of sex, gender identity or expression, or sexual orientation. For more information about Tufts’ policy prohibiting sexual misconduct, stalking, dating and domestic violence see oeo.tufts.edu/policies-and-procedures/sexual-misconduct-policy. Please note that although this Annual Security and Fire Safety Report summarizes Tufts’ policies and procedures applicable to sexual misconduct, stalking, and dating or domestic violence, those actual policies and procedures (available here: http://oeo.tufts.edu/policies-procedures/) will control in individual cases that fall within the scope of those policies and procedures, and the summary language in this Report will be of no effect whatsoever.

All allegations of sexual misconduct, stalking, and dating or domestic violence in violation of Tufts policy can be reported to the Executive Director of the Office of Equal Opportunity and Title IX/504 Coordinator, Jill Zellmer, at jill.zellmer@tufts.edu, 617.627.3298; to TUPD; or through the
It is important to remember:

- Consent to one sexual act does not constitute or imply consent to another act.
- Previous consent cannot imply consent to future sexual acts.

Consent is always required and cannot be assumed based on the parties’ relationship status or sexual history together.
- Consent can be withdrawn at any time before or during sexual activity by either party.

See oeo.tufts.edu/policies-and-procedures/sexual-misconduct-policy.

REPORTING CRIMES AND EMERGENCIES

Members of the Tufts community are encouraged to report all crimes to TUPD. Members of the community may report crimes by visiting one of the four university police stations on the Medford/Somerville, Boston, SMFA at Tufts, or Grafton campuses, or by calling one of the listed phone numbers. These numbers can also be used if police or emergency medical services are needed in one of these locations. Emergency telephones are available throughout all four campuses. They are either the general-use wall phones found in administrative and clinical buildings or outdoor telephones with direct links to campus police. They are marked by blue lights above them. There are more than 100 of these special blue light phones on the Medford/Somerville campus.

Reporting crime is important because it enables the university to respond to a victim’s needs, to reassess security controls and patrol strategy, and to develop better methods of crime prevention. TUPD officers investigate complaints filed by community members and pursue investigations to their most reasonable conclusion. Follow-up investigations may be conducted by detectives with support from local, state, or federal law enforcement agencies when necessary or otherwise appropriate.

The interests of the victim are always our primary concern. TUPD recognizes the importance of confidentiality, privacy, and protecting the identity of a victim in the course of a successful investigation. In criminal matters, the victim’s preferences greatly influence the way in which a case is processed.

The university has a number of alternatives at its disposal to adjudicate inappropriate behavior, whether or not it is of a criminal nature. In addition to pursuing cases through the courts, the university uses the internal disciplinary procedures for students and employees described on page 29.

The university encourages the prompt, accurate reporting of all crimes to campus and local police when the victim of a crime elects to do so, and when the victim of a crime is unable to make a report. The university also encourages voluntary, anonymous, and confidential reporting.

If you wish to report a crime anonymously, you may do so by using the link publicsafety.tufts.edu and clicking on Departments, University Police, Report Crime, and...
Anonymous Crime Reporting. Anonymous crime reports are received by EthicsPoint, a private company that provides this service to Tufts University in order to ensure your anonymity. When you file a report you will receive a Report Key and Password that allows Tufts police to ask follow-up questions without learning the reporter’s identity. Please log in to the EthicsPoint site within five days to check the status of your report and for follow-up questions.

Options for Non-Confidential Reporting and Support
Students, private employees, and other community members (including any third parties) may seek the assistance of the Director of the Office of Equal Opportunity (OEO) and Title IX/504 Coordinator Jill Zellmer, at 617.627.3298 or jill.zellmer@tufts.edu in reporting sexual misconduct, stalking, and dating or domestic violence. In addition, anyone can report sexual misconduct, stalking, and dating or domestic violence or seek assistance through the Tufts reporting tool EthicsPoint at tufts-oeo.ethicspoint.com, where reporters have the option of being anonymous. Students may also seek the assistance of their dean or one of the many OEO liaisons (formerly known as Title IX liaisons) identified in this Annual Security and Fire Safety Report, who have received training on how to address these reports. Employees and other community members may also contact Human Resources or an OEO liaison, both of whom are located on every Tufts campus. OEO liaisons are also listed at oe.tufts.edu/tufts-university-title-ix-liasons. All of these individuals can answer questions about university resources, supports, and internal/university-based adjudication options. While the aforementioned reporting options are not confidential, they do offer privacy to the extent possible. Students and employees who wish to make confidential reports have a number of confidential reporting options available to them on and off campus such as counseling, pastoral, and medical services.

Options for Confidential Reporting and Support
Confidential reporting options include communications with the health and mental health counselors and clergy. These communications are intended to be strictly confidential and Tufts does not have any procedures that require pastoral and professional counselors to inform persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the Annual Security and Fire Safety Report. At Tufts we also employ a sexual misconduct resource specialist, Nandi Bynoe (nandi.bynoe@tufts.edu or 617.627.0765) who can provide information about resources available, including reporting options, for all members of the Tufts community. The sexual misconduct resource specialist is considered to have limited confidentiality as she must report—without identifying information—incidents of sexual misconduct to the Title IX coordinator for inclusion in the annual crime statistics. She will, however, maintain confidentiality unless there is an imminent threat of harm to the reporter/victim/survivor or others, reported conduct involves suspected abuse of a minor, or if otherwise permitted by the reporter or required by law or by court order.

SEX-OFFENDER REGISTRY
Consistent with legal requirements, Tufts is providing a link to the Massachusetts Sex Offender Registry as part of this Report. The Massachusetts Sex Offender Registry Board is responsible for maintaining a database of convicted sex offenders. Information on the Massachusetts Sex Offender Registry Board can be found at the local police departments or online at mass.gov/sorb. The information contained in this registry cannot be used to commit a crime or to engage in illegal discrimination or harassment of an offender.

TUFTS’ OFFICE OF EQUAL OPPORTUNITY (OEO)
OEO is responsible for making inquiries into reports of sexual misconduct, stalking, and dating or domestic violence on behalf of the university and for acting as an independent fact-finding body for Tufts. OEO is also responsible for the investigations under the university-wide Sexual Misconduct Adjudication Process (SMAP) applicable to allegations of sexual misconduct, sexual assault, stalking, and dating or domestic violence that apply to students, as well as the process applicable to employees, patients, and third parties. OEO does not have the authority to take disciplinary action but shares its findings with the appropriate administrators who will determine what action, if any, should be taken in response to OEO findings. OEO also facilitates training and educational events to address campus concerns about or resulting from sexual misconduct, stalking, and dating or domestic violence. In addition, the sexual misconduct prevention specialist (SMPS) is also available to conduct educational trainings such as healthy relationship trainings; bystander intervention; other sexual misconduct, sexual assault, stalking, and dating or domestic violence prevention; and risk prevention trainings. Tufts offers several training, educational, and awareness programs each year, many of which are overseen by OEO.
Prohibition Against Retaliation
Retaliation against anyone who reports an incident of sexual misconduct, stalking, and dating or domestic violence; brings forward a complaint; or has participated in an inquiry or investigation of this conduct under the university’s policy is strictly prohibited. The prohibition against retaliation applies to a reasonable objection to conduct an individual believes in good faith to be a violation of law or policy. A person engaged in retaliatory conduct will be subject to disciplinary action by the university, which may include warnings, reprimands, probation, suspension (including indefinite suspension), or expulsion for students, and warnings (verbal or written), suspension, or termination for employees. The university will also provide interim measures in response to retaliation-related concerns in order to stop prohibited conduct, prevent its recurrence, and address any effects on campus from such conduct, including the elimination of a hostile environment. In some instances, this may lead to a responsible person’s immediate removal from campus or other various appropriate interim or protective measures.

REPORTING SEXUAL MISCONDUCT
Anyone who has been subject to any sexual misconduct, stalking, and dating or domestic violence is encouraged to report the incident to TUPD. Some of the actions a reporting party can expect TUPD to take are to:

- Address medical needs
- Address immediate safety needs and concerns
- Provide notification of rights including options for:
  - counseling services
  - pursuit of a no-contact order
  - alternative housing
  - criminal complaints
  - referral to disciplinary action through DOSA
  - academic schedule changes
  - meeting with a district attorney
  - a full criminal investigation
- Notify OEO and DOSA
- Consider issuing a Timely Warning

Members of TUPD have been trained to respond appropriately and with sensitivity to such incidents, and they will assist in gaining the cooperation of other police agencies if the incident occurred off campus. TUPD will assist in obtaining emergency medical care and can anonymously page a trained professional counselor-on-call who is available to provide immediate confidential emotional support and assistance (the individual seeking this support is not required to give their name). TUPD can assist in securing important evidence and will provide information on obtaining restraining orders or other orders of protection. If a restraining and/or protection order is issued on behalf of any Tufts community member, TUPD will review and maintain a copy of the order. TUPD will also meet with the members of the Tufts community impacted by the order to facilitate adherence to the order while on campus. TUPD will also enforce the order if violations are reported by conducting an inquiry into the allegations and making determinations that may require law enforcement actions. Notwithstanding TUPD’s ability to provide this kind of support, the university, including TUPD, will respect an individual’s right and decision for anonymity and will report the incident to local law enforcement as may be required but not disclose the identity of the victim/survivor.

The Department of Public and Environmental Safety will issue a Timely Warning if there is a continued threat to the community such as if an unknown assailant remains at large. If the suspect is at large, a Timely Warning will be issued identifying the suspect (if known) with the pertinent information to assist the community in being safe. The reported victim/survivor’s name will never be disclosed in a Timely Warning.

TUPD will provide reported victims/survivors of sexual misconduct, stalking, and dating or domestic violence who report this misconduct occurring on or off Tufts campus with important information about their rights and options in writing. This important information will include:

1. information on the importance of preserving evidence that may assist to support a criminal complaint or that may be helpful in obtaining a protective order;
2. information about how and to whom an incident may be reported;
3. information about how to seek protective orders and other interim measures/supports, including, but not limited to, stay away orders, no-contact orders, no trespass orders, safe housing, changes in work or academic schedules, academic supports, changes in housing, information about transportation, health and mental health counseling, obtaining victim advocacy, legal assistance, visa and immigration assistance, and student financial aid or assistance, among other information. These interim measures/supports or information will be made available as appropriate regardless of whether a victim/survivor opts to bring criminal and/or disciplinary charges;
4. options to notify law enforcement authorities (local and on-campus) and other campus authorities;
5. the right to be assisted by campus authorities in notifying
   local law enforcement if the victim/survivor chooses as
   well as the right to decline to notify law enforcement; and
6. the option to withhold the victim/survivor’s name when
   notifying law enforcement or other campus authorities.

Reported victims/survivors of sexual misconduct who may
be reluctant to report to TUPD or wish to decline the involve-
ment of law enforcement have many other options for where
they can report and/or discuss these matters. This informa-
tion is listed on the Resources List pages in this report and
is also available at oeo.tufts.edu/sexualmisconduct/resources.

Reporting a sexual assault, rape, incident of dating or domes-
tic violence, stalking, or other form of sexual misconduct
does not require the filing of criminal charges.

Preserving Evidence
Gathering of physical evidence can provide important
support of criminal charges or orders of protection (i.e.,
restraining order). Reported victims/survivors who may
wish to pursue criminal action (or wish to keep that option
available) or orders of protection should be aware of the
importance of immediately reporting the incident so that
physical evidence can be preserved at the scene, as well as on
the person. However, they should know that they can always
report the incident days, weeks, months, or even years after
the misconduct occurred. They should understand that a
delay in reporting could limit the amount of physical and
other evidence available that could impact a criminal inves-
tigation, or the support for an order of protection.

It is very difficult to know in the immediate aftermath of
a sexual assault (or other sexual misconduct), stalking, or
domestic or dating violence whether or not an individual
will want to pursue legal charges or seek an order of pro-
tection. Having evidence collected does not commit an
individual to reporting or participating in a prosecution
of the conduct; the evidence can be sent to the crime lab
anonymously and held for a period of months. Evidence
can usually be collected up to five (5) days after an assault,
for instance, though the likelihood of capturing evidence
decreases with time. Showering, urinating, and brushing
teeth may destroy evidence. Clothing and bedding may
contain evidence and can be taken to the Emergency Room
in a paper bag (not plastic). Drugs used in sexual assault
often leave the body very quickly. Individuals suspecting
they may have been drugged should attempt to collect urine
to take to the ER if urination is necessary before arriving
in the ER. A number of confidential and non-confidential
but private resources that may be able to provide additional
information are listed in this document.

INVESTIGATIONS AND THE OFFICE OF EQUAL
OPPORTUNITY (OEO)
It is the responsibility of the Tufts’ Office of Equal Opportunity
(OEO) to make inquiries into reports of sexual misconduct,
stalking, and dating or domestic violence on behalf of the
university. OEO has the responsibility—not the parties to
a complaint—to gather information as part of an investiga-
tion. OEO may make inquiries into matters it knows or rea-
sonably knows about without a complaint being filed. Tufts
has procedures for students, employees, patients, and third
parties that are intended to provide for a prompt, equitable,
fair, and impartial review of complaints. Details about OEO’s
applicable policies and procedures can be accessed here:
http://oeo.tufts.edu/policies-procedures.

OEO will only use investigators who are trained or other-
wise knowledgeable about investigating and analyzing sex-
ual misconduct, stalking, and dating or domestic violence
complaints and who have been trained on applicable legal
principles. OEO investigators also receive training on how
to conduct investigations and adjudication processes that
protect the safety of victims and promote accountability.
Similarly, any members of OEO’s adjudication panels receive
annual training on issues related to dating and domestic
violence, sexual assault and stalking, and on conducting an
adjudication process that protects the safety of victims and
promotes accountability.

OEO investigators are trained on issues of confidentiality and
privacy such as how to respond to requests for confidentiality
and how to evaluate factors when a complainant requests
confidentiality. Awareness of confidential resources on cam-
pus is also required of all OEO investigators. Investigators
as well as any panel members involved in adjudicatory and
appeal panels are expected to be impartial and free from
any conflicts of interest. Concerns about conflicts of interest
should be reported promptly to the Title IX Coordinator and
Executive Director of the OEO, Jill Zellmer, to the appro-
priate dean of students (for student matters), or to Human
Resources (for employees).

Complaint and Adjudication Process for Students
For students, violations of the university’s policy that prohibits
sexual misconduct can be addressed through a formal com-
plaint adjudication process entitled the Sexual Misconduct
Adjudication Process (SMAP). The SMAP is generally appli-
cable where the respondent in a case is a student. The SMAP
also applies to complaints filed relating to stalking and dat-
ing and domestic violence. A copy of the SMAP can be found
on the OEO website at oeo.tufts.edu/policies-and-procedures
/sexual-misconduct-policy. Violations of university policy
brought under the SMAP will be investigated and decided
by a decision-making panel based on the preponderance of the evidence standard (that is, whether it is more likely than not that university policy has been violated by the conduct alleged). Decisions under this process will be made by a trained panel of three adjudicators and the process is intended to provide for prompt, equitable, fair, and impartial proceedings. An appeals process is also provided by which either a complainant or a respondent may appeal the findings of the decision-making panel based on either: (1) procedural error, (2) new information, or (3) the sanction. Mediation will not be used as a means to address or resolve cases of sexual assault or other sex/gender-based violence, and those who have reported/experienced any conduct prohibited by the university's policy on sexual misconduct, stalking, and dating or domestic violence will not be required to resolve the matter directly with the respondent.

There is no time limitation for filing disciplinary complaints under the SMAP; however, the university can only exercise jurisdiction over a student who has expressed intent to attend Tufts or is a matriculated student (as defined by that program) at Tufts. Tufts may be limited in its ability to respond if a student graduates or otherwise withdraws from the university. Disciplinary consequences for students who are found to have engaged in sexual misconduct, stalking, or dating or domestic violence may include denial of privileges, disciplinary probation, suspension (including indefinite suspension), and expulsion. See the OEO website for more information about disciplinary guidelines, oeo.tufts.edu/sexual-misconduct-student/. Students who bring forward sexual misconduct, stalking, and dating or domestic violence claims under the SMAP will be told by the assigned investigator what information will be provided as part of the process, to whom, and why. Students proceeding with a claim under the SMAP may appeal decisions as set forth in the adjudication process.

As set forth in more detail in the disciplinary procedures for students, these pre-appeal proceedings are expected to take up to 60 days but, depending on the complexity of the investigation and/or the severity and extent of the alleged conduct, more or less time may be required. In those cases where the adjudication process will exceed 60 days, OEO will contact the parties in writing and advise them of the delay and the reason(s) for the delay. Individuals are also welcome to contact OEO for periodic status updates. OEO makes every effort to try and conduct investigations during school breaks or between school years unless doing so would sacrifice witness availability or otherwise compromise the process. OEO endeavors to complete appeals of any decision within a 30 day period and will contact parties in the event of a delay, or parties are welcome to contact OEO for status updates.

Complaint and Adjudication Process for Employees, Patients, and Third Parties

For employees, patients, and third parties, violations of the university’s policy prohibiting sexual misconduct, stalking, and dating or domestic violence can be addressed under the Discrimination Complaint Processing Guidelines. A copy of these guidelines can be found on the OEO website, oeo.tufts.edu/sexual-misconduct-policy-faculty-staff/. These Guidelines are generally applicable where the respondent in a case is an employee, patient, or other third party.

Violations of the university’s policy that prohibits sexual misconduct, stalking, and dating or domestic violence that are brought under the guidelines will be investigated and decided by the preponderance of the evidence standard (whether it is more likely than not that university policy has been violated by the conduct alleged). Under the guidelines, preliminary findings will be shared with the parties and each will be provided with an opportunity to provide additional information, if any, within seven (7) days. Following a review of this information, OEO will make a final decision and refer findings to the relevant decision-maker. Mediation will not be used as a means to address or resolve cases of sexual assault or other sex/gender-based violence and those who have reported/experienced sexual misconduct, including sexual assault and other sexual violence, will not be required to resolve the matter directly with the respondent. Decisions regarding compliance with Tufts policy under this procedure will be made by a trained investigator and the process is intended to provide for prompt, equitable, fair, and impartial proceedings.

There is no time limitation for filing complaints under the guidelines; however, the university can only exercise jurisdiction over a current employee and may be limited in its ability to respond if a respondent is no longer employed by the university. Disciplinary consequences for violations of the university’s policy prohibiting sexual misconduct, stalking, and dating or domestic violence by employees may include verbal or written warnings, a memorandum of concern, denial of a promotion, demotion, suspension, or termination. Employees who bring forward sexual misconduct, sexual assault, stalking, and dating or domestic violence claims under this process will be told by the assigned investigator what information will be provided, to whom, and why.

As set forth in more detail in the Guidelines, these proceedings are expected to take up to 60 days but, depending on the complexity of the investigation and/or the severity and extent of the alleged conduct, more or less time may be required. In those cases where the adjudication process will exceed 60 days, OEO will contact the parties in writing and advise them of the delay and the reason(s) for the delay. Individuals are also welcome to contact OEO for periodic status updates.
Additional Information Regarding Disciplinary Proceedings

Where complaints involve students and/or employees and/or patients/third parties, the complaint process that applies to the respondent will normally control. Also, in any type of case brought pursuant to the university’s policy prohibiting sexual misconduct, stalking, and dating or domestic violence, one individual each for the complainant or respondent may act as a support person/advisor and may accompany the complainant and respondent through this process. A support person/advisor is someone whom the complainant or respondent trusts to provide support, guidance, or advice during the process.

However, this support person will be limited in the manner of their participation in aforementioned disciplinary proceedings. Specifically, they will not be permitted to speak as part of the meetings or proceedings, and if the participation of a support person/advisor is disruptive, they may be restricted from the process. At the end of those proceedings (including following any appeal) the result of the disciplinary proceeding will be shared contemporaneously in writing with the parties. Both will receive simultaneous notification in writing of: Tufts’ procedures for both parties to appeal the result of the disciplinary proceeding, any change to the result, and when such results become final. In cases involving sexual violence, stalking, and dating or domestic violence, findings and disciplinary actions may be shared consistent with the Family Education Rights and Privacy Act (FERPA).

Tufts will, upon written request, disclose to the alleged victim of a crime (as that term is defined in section 16 of title 18 United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Anonymous Complaints—Non-Confidential

OEO will accept anonymous reports. However, anonymous complainants and/or reporters should understand that while the university will do its best to address anonymous complaints and reports, it may be limited in its ability to investigate and otherwise respond to anonymous complaints and reports. Subject to any limitations in its ability to contact an anonymous source, OEO will inform an anonymous reporter and/or complainant of the information that OEO will need in order to investigate and the information that OEO will need to disclose in order to address the information reported or the complaint filed.

Anonymous reports of sexual misconduct may be made by visiting EthicsPoint at tufts-oeo.ethicspoint.com/ (with an anonymous option) or by calling EthicsPoint at 866.384.4277.

Students seeking to make voluntary confidential reports (distinct from anonymous reports) may contact the university’s sexual misconduct resource specialist, Nandi Bynoe (nandi.bynoe@tufts.edu, 617.627.0765), or may review available confidential reporting resources by visiting the OEO website at oeo.tufts.edu/sexual-misconduct/. Individuals may also provide voluntary confidential reports to the university for inclusion in its annual crime statistics.

Privacy

Tufts will respect the privacy of individuals involved in an investigation relating to sexual misconduct, stalking, and dating or domestic violence to the fullest extent possible. As a means of honoring the privacy of individuals, the university will advise individuals involved in an investigation that they, and those with whom they share information, also have a responsibility to honor and respect the privacy of other individuals involved. While the parties are not restricted from discussing or sharing information relating to their complaint with others who may support them or assist them in presenting their case (such as advisors and/or support persons), discretion remains important and is critical to preserving the integrity of the investigative process and the privacy of the individuals involved. For more information regarding privacy, see the Sexual Misconduct Policy at oeo.tufts.edu/sexual-misconduct-student/ or contact OEO at 617.627.3298 or oeo@tufts.edu.

Requests to Remain Confidential or Anonymous

Note that if a reported victim/survivor requests that their name not be revealed to the respondent/accused or asks that the school not investigate or seek action against the respondent/accused, the Title IX Coordinator in consultation with other administrators will consider a number of factors in determining whether the university can honor the request, focused on campus safety. If the university determines that it can honor such a request, the university’s ability to respond fully to the incident, including pursuing disciplinary action against the alleged respondent/accused, may be limited. However, Tufts may be able to take steps to limit the effects of sexual misconduct, sexual assault, stalking, and dating and domestic violence and prevent further misconduct by, for instance, providing interim measures such as increased monitoring, imposing no-contact orders, or providing supervision or security at a location or under conditions where alleged misconduct occurred. The university will also provide interim measures/supports to students seeking anonymity or confidentiality, as appropriate. Interim measures/supports are described in more detail below.
In some instances, a respondent may be spoken to without the complainant being identified. In other cases, issues of privacy must be balanced against the university’s need to investigate and take appropriate action. Although the university affirms the right of victims/survivors to decide whether they wish to be involved in any process to address sexual misconduct, stalking, and dating or domestic violence, individuals should understand that if the conduct at issue poses a threat to campus safety (which includes but is not limited to the involvement of violence, the use of weapons, or repeat offenders), the university will be compelled to address the conduct.

Resources/Interim Measures
Tufts will provide support services or “interim measures” as appropriate for individuals who report concerns that relate to sexual misconduct, stalking, and dating or domestic violence. These support services or interim measures are available to individuals even if they choose not to file or pursue a disciplinary complaint or if the status of a respondent/accused relationship to the university is unclear (unenrolled student, non-employee, etc.). Some of these interim measures include but are not limited to: stay away orders; no-contact orders; no trespass orders; safe housing; changes in work or academic schedules; academic supports; changes in housing; information about topics such as transportation, health and mental health counseling, obtaining victim advocacy, obtaining legal assistance, obtaining visa and immigration assistance; and student financial aid or other financial assistance, if any. These support services and interim measures if appropriate will be available at any time, including prior to or absent an investigative or adjudication process, during an investigative or adjudication process, and after the conclusion of the adjudication process. Tufts University’s Title IX/504 Coordinator and Executive Director of OEO, Jill Zellmer (jill.zellmer@tufts.edu; 617.627.3298), is responsible for ensuring the implementation of support services and interim measures and can provide information regarding available options in consultation with other relevant Tufts administrators (deans of students, counseling staff, etc.). Further, the sexual misconduct resource specialist, Nandi Bynoe (nandi.bynoe@tufts.edu; 617.627.5712), can also assist with interim measures and information related to reporting options, resources, and support for all parties with limited policy-based confidentiality.

Leniency and Maintaining Focus on Sexual Misconduct, Stalking, and Dating or Domestic Violence in Disciplinary Matters
Individuals may be concerned about reporting sexual misconduct, stalking, and dating or domestic violence, believing that their own behavior might subject them to disciplinary action (e.g., a reporting person or witness is underage and was using alcohol or was using illegal drugs at the time of the incident). Witnesses and reported victims/survivors should be assured that the focus in the university’s review of sexual misconduct, stalking, and dating or domestic violence is always on the reported behavior, not on whether someone was, for example, using alcohol or drugs at the time. Individuals are encouraged to come forward and report such conduct regardless of the surrounding circumstances. In situations involving allegations of sexual misconduct, stalking, and dating or domestic violence, Tufts University will, to the extent allowed by applicable laws and university policy, seek to make the sexual misconduct, stalking, and dating or domestic violence allegation the primary focus of any investigation or disciplinary action. In such circumstances, the university will exercise leniency regarding secondary conduct violations (e.g., underage drinking) and those issues will not be subjected to adjudication. It should be noted that the use of alcohol or drugs does not excuse sexual misconduct, stalking, and dating or domestic violence, and a person who has been incapacitated through the use of alcohol and drugs (or by any other means) cannot give effective consent to sexual activity.

Cooperation with Law Enforcement
OEO will conduct its own investigation and adjudication of a disciplinary complaint, regardless of whether the alleged sexual misconduct, stalking, and dating or domestic violence is also being pursued by law enforcement through the criminal justice system. OEO will comply with law enforcement requests for cooperation. At times, that cooperation may require OEO to temporarily suspend its fact-finding investigation while law enforcement gathers evidence. OEO will promptly resume its fact-finding investigation as soon as it is notified that law enforcement has concluded its information gathering and/or that doing so would not impede any law enforcement activities.

Additional information and resources concerning sexual misconduct, sexual assault, stalking, and dating or domestic violence can be found on page 33 of this Annual Security and Fire Safety Report or by reviewing the university’s policy and procedures that prohibit and address sexual misconduct, sexual assault, stalking, and dating or domestic violence at oeo.tufts.edu/sexual-misconduct-student/.

Individuals seeking additional information should also visit the Tufts Sexual Misconduct Resource site at oeo.tufts.edu/care/.
Tufts is dedicated to the prevention and awareness of sexual misconduct, stalking, and dating or domestic violence within the Tufts community and conducts a number of prevention and awareness programs for its community members each year. Many of these programs provide information about sexual misconduct, sexual assault, stalking, and dating or domestic violence and they often include information about risk reduction through safe and positive bystander intervention.

Tufts’ sexual misconduct prevention specialist, Alexandra Donovan, is responsible for coordinating and implementing these efforts university-wide. A selected listing of Tufts’ awareness and prevention programs is listed below. However, please note that Tufts responds on a regular basis to needs for additional educational and awareness programs university-wide that are not listed below.

Additional information and/or suggestions or requests, for programming should be directed to Alexandra Donovan at 617.627.5140; or by email at alexandra.donovan@tufts.edu.

Also, additional information about ongoing programs, safety alerts, and educational and other information for the Tufts community about sexual misconduct prevention can be found at the website of Tufts’ Center for Awareness Resources and Education (CARE): http://oeo.tufts.edu/care/.

Selected Tufts Educational Programs

OEO Training—One aspect of Tufts’ prevention and awareness training includes annual and other regular training on Tufts’ internal policies and procedures for addressing sexual misconduct, stalking, and dating or domestic violence.

OEO annually conducts mandatory trainings for all first-year and transfer students and other student groups that may request it. During orientation in particular, these conversations focus on the university’s policy and procedures prohibiting sexual misconduct, stalking, and dating or domestic violence, but also on the university’s definition of consent, incapacity, and force. These interactive trainings include scenarios and vignettes for discussion and analysis.

HAVEN—This online learning program created by EverFi is provided to AS&E students and is mandatory for entering first-year undergraduate students.

First-Year Student (AS&E) Pre-Orientation and Orientation Events

- Healthy Living Week—providing first-year students with awareness of wellness resources on campus as well as prevention and resources for sexual misconduct

- Social Health: How Relationships Affect Your Health
- Speak About It—A performance-based presentation about consent, boundaries, and healthy relationships
- FIT (Fitness and Individual Development at Tufts)
- Bystander Training
- Step-UP! Bystander Training
- Green Dot

Sexual Assault Awareness Month Events—Every April, the university conducts a number of prevention and awareness events relating to sexual assault and sexual violence, including Take Back the Night and the student-organized event, It Happens Here.

Training with the Sexual Misconduct Prevention Specialist—Tufts’ sexual misconduct prevention specialist, Alexandra Donovan, conducts numerous trainings throughout the university on topics that include awareness of predatory culture, healthy relationships, and bystander intervention strategies.

Boston Area Rape Crisis Center (BARCC) Walk for Change—Students and staff participate in a walk to support BARCC, whose vision is to end sexual violence through healing and social change.

Rape Aggression Defense (RAD)—Classes are held on all three campuses upon request and are also part of the Experimental College curriculum.

RESOURCE LIST

Seeking Medical Treatment

- Medford/Somerville Campus
  Tufts University Health Service (confidential)
  617.627.3350; ase.tufts.edu/healthservice

  When Health Service is open, a variety of services are provided, including options for emergency contraception, medication to reduce the risk of sexually transmitted diseases, and prescriptions for medication to prevent HIV. Students will not be charged for any medical services or laboratory tests needed for care related to sexual assault. Health Service does not perform evidence collection kits; students are referred to a hospital with that specific competency. Health Service will arrange for transportation for students who choose to go to a hospital, and will help arrange for a medical advocate to meet the student there. All treatment at Health Service is completely confidential; parents, guardians, police, or university administrators are never communicated with, unless the student requests it.
The Center offers the service of a Sexual Assault Nurse Examiner (SANE), who has special training in medical examination, as well as legal, forensic, and psychological training. Medication may be given to prevent pregnancy or sexually transmitted infections (including HIV).

Grafton Campus
UMASS Memorial Medical Center
508.334.1000; umassmemorial.org
Milford Regional Medical Center
508.473.1190; milfordregional.org/site/index.cfm
This Center offers the service of a Sexual Assault Nurse Examiner (SANE), who has special training in medical examination, as well as legal, forensic, and psychological training. Medication may be given to prevent pregnancy or sexually transmitted infections (including HIV).

MEDFORD/SOMERVILLE CAMPUS RESOURCES
• Tufts University Police Department (TUPD)
  617.627.6911 or x66911 (emergency)
  617.627.3030 (main number)
  You can also contact TUPD by activating one of the blue-light phones on campus. TUPD can anonymously page a trained professional counselor-on-call, who is available to provide immediate confidential emotional support and assistance (you are not required to give your name). They can also help with the following: transportation to the hospital, safe housing on campus, reporting the assault if you wish to do so, and obtaining a restraining order.

• Tufts Counseling and Mental Health Service (CMHS)
  (confidential)
  617.627.3360; ase.tufts.edu/counseling
  The counseling center staff provide counseling and support for students. Being sexually assaulted is usually a highly traumatic experience. All contacts are confidential. During normal business hours, 9 am–5 pm, Monday through Friday, the CMHS staff can provide counseling and support for students to help victims/survivors understand, cope with, and recover from the effects of trauma. All contact with the CMHS is confidential and can occur regardless of whether an individual is prepared to report the misconduct to police or to the university (OEO).

Counselor-on-Call: After normal business hours, a counselor from CMHS is on call 365 days a year for after-hour emergencies. TUPD will anonymously page the counselor-on-call for you. The on-call counselor is a trained professional who can provide you with confidential emotional support and assist you in getting the help you need. You just need to call TUPD and say, “I need to speak to a counselor-on-call,” and you will not need to provide any identifying information, just a phone number where the counselor can reach you back.

• Chaplain’s Office (confidential)
  617.627.3427; chaplaincy.tufts.edu/contact
  The chaplain’s office provides confidential counseling and assistance with referrals. A chaplain on call is also available outside of normal business hours. You can access this chaplain by calling TUPD 617.627.3030. You just need to say, “I need to speak to a chaplain on call,” and you will not need to provide any identifying information, just a phone number where the chaplain can reach you back.

• Sexual Misconduct Prevention Specialist (limited policy-based confidentiality)
  Alexandra Donovan
  617.627.5140; alexandra.donovan@tufts.edu
  The sexual misconduct prevention specialist will provide education for Tufts community members on Sexual Misconduct, sexual assault, stalking, dating and domestic violence awareness, prevention, risk reduction, and bystander intervention, among other relevant topics. (See page 27 for information on limitations on confidentiality in reporting to the Sexual Misconduct Prevention Specialist.)

• Sexual Misconduct Resource Specialist (limited policy-based confidentiality)
  Nandi Bynoe
  617.627.0765; nandi.bynoe@tufts.edu
  The sexual misconduct resource specialist can provide confidential support and information about and connection to resources for individuals impacted by sexual misconduct, stalking, and dating or domestic violence. (See page 27 for information on limitations on confidentiality in reporting to the Sexual Misconduct Resource Specialist.)

• Dean’s Offices
  The staff of the dean’s offices can help arrange for safe housing and stay-away requests, facilitate schedule changes, and provide academic support and accommodations to all students involved in sexual misconduct, stalking, or dating and domestic violence matters. They can also provide information about the disciplinary process.

  The center provides free legal assistance to victims of sexual assault. Located at BIDMC, the center provides confidential support and assistance to victims/survivors of violence and abuse. Services include individual and group counseling and assistance navigating the medical and legal systems.
RESIDENTIAL FIRE SPRINKLER SYSTEM
All on-campus student housing units are equipped with an automatic fire suppression system that is designed, engineered and installed in accordance with applicable state and local Codes. The system is connected to the building’s Fire Alarm Control Panel, which communicates via Ethernet or a two-phone line dialer to the Public Safety Communications Center. The fire suppression systems are tested, inspected, and maintained by a state-licensed sprinkler contractor.

RESIDENTIAL FIRE ALARM SYSTEM
All on-campus student housing units are protected by an automatic fire/smoke detection and warning system, designed, engineered, and installed in accordance with applicable state and local Codes. The system communicates via Ethernet or a two-phone line dialer to the Public Safety Communications Center. The fire alarm systems are tested, inspected, and maintained by a state-licensed fire alarm technician.

PORTABLE FIRE EXTINGUISHERS
All on-campus buildings, residential, academic, and administrative, are equipped with portable dry chemical fire extinguishers. The extinguishers are located on every floor of the building inside laboratories, utility areas, and kitchens. The extinguishers are maintained by a state-licensed contractor in compliance with applicable state and local codes.

PORTABLE FIRE EXTINGUISHER TRAINING
Portable fire extinguisher training is presented by Fire Safety Office staff utilizing classroom and practical training delivery. The training is available to all university departments and groups upon request. Area Resident Directors and Resident Assistants receive this training each year during staff orientation.

FIRE AND EVACUATION DRILLS
Fire drills are conducted in all on-campus student housing units twice each academic year, usually once in September and once in January. The drills are mandatory, with full evacuation, conducted by the Tufts Fire Safety Office staff.

ELECTRICAL APPLIANCES
Students are prohibited from possessing and using in their rooms: stand-alone microwave ovens; halogen torchiere lamps; multi-head (octopus) desk and floor lamps; electrical power strips without fuse protection; electrical extension cords for permanent use; or mini-lights on the ceiling or around doorways. Electric water kettles must be UL approved and have an automatic shut off. No cooking equipment of any kind is allowed in a student’s room.

FURNISHINGS
Upholstered furnishings located within university buildings or any student housing subject to university standards must comply with applicable state and local codes.

SMOKING MATERIALS
State and local Codes, and university policy prohibit smoking (including e-cigarettes) inside any university building.

OPEN FLAMES AND FLAMMABLES
Unless approved by the Fire Marshal in conjunction with applicable state and local Codes, open flames, candles, incense, camp-stove fuel, containers of butane, charcoal and charcoal lighter fluid, fireworks, flammable holiday decorations, gasoline, propane, and paint thinner are PROHIBITED inside all university buildings.

FIRE AND LIFE SAFETY AWARENESS
Community Development Assistants (CDAs) and First Year Advisors (FYAs) are presented a Fire and Life Safety Awareness seminar every August. The CDA and FYS staff receive program instruction designed to educate them with the residential housing Fire and Life Safety systems; policy and procedures with regard to acceptable and prohibited practices; fire extinguisher operation; CDA/FYA duties; and areas of gathering and relocation.

After the CDAs and FYAs have successfully completed their training, they meet with the students who are assigned to their floors/suites and deliver an abbreviated Fire and Life Safety Awareness presentation.

During Freshman Orientation “Operation Awareness,” the new students are presented a PowerPoint program with a Fire Safety component that focuses on fire alarms and emergency evacuation; what to do if you discover a fire; prohibited appliances; the importance of maintaining constant awareness of exits and exit access from all buildings; fire detection and warning devices; fire suppression systems; and other pertinent fire-safety issues.

FIRE REPORTING
On any campus, in any residence, a person may activate a manual fire alarm pull station located near the exits on every level in every building.

To report a fire call 911, then, from a safe area, call TUPD 617.627.6911 (on a campus phone at x66911). In addition to personal cell phones numerous emergency phones are available and located strategically throughout the campuses and on the exterior of various campus buildings.

EMERGENCY EVACUATION PROCEDURES
Emergency fire alarm evacuation procedures are posted in the common areas of all university buildings.

 Lodging House License
All on-campus student housing units are inspected annually by the local fire, building, health, and electrical inspection services for code compliance for the issuance of the Lodging House License.

PLANNED IMPROVEMENTS TO SAFETY
Existing fire alarm systems are closely monitored and maintained to assure system reliability. Fire alarm systems that are approaching their service life expectancy are upgraded routinely; whenever campus buildings undergo major renovations, the life safety systems, fire detection, and fire suppression systems are upgraded to meet or exceed current code requirements.

FIRE SAFETY WEBSITE
The Tufts University Fire Safety website contains information on numerous fire and life safety subjects for students, parents, faculty, and staff with links to national campus fire safety websites. To access the site go to publicsafety.tufts.edu and select the “Fire Safety” link.
BACKGROUND—DRUG AND ALCOHOL USE AND ADDICTION

The illicit use of drugs and alcohol can have a substantial adverse impact on the health, safety, and overall success of members of the Tufts community and their families. The university is committed to reducing the harm related to the misuse and abuse of drugs and alcohol within the university community.

Along with substantial health and safety risks are potentially significant legal consequences. Therefore, all students, staff, and faculty of Tufts University are urged to read the information below.

HEALTH RISKS

Although drinking in moderation has been shown to have some positive impact on health, misuse and abuse of alcohol can have negative and often dangerous effects. These include:

- Impairing the judgment and coordination of a driver, increasing the likelihood of an accident;
- Reducing inhibitions, leading to aggression, violence, and/or sexual assault;
- Affecting physical health, mental functioning, respiratory depression, liver disease, etc.; and,
- Fetal alcohol syndrome for women who drink while pregnant.

The health risks associated with the illicit use of drugs are detailed in the table on pages 46–47.

THE TUFTS ALCOHOL AND DRUG PROGRAM

Tufts has implemented a prevention program and a range of related services to assist individuals, promote a healthy campus environment, and respond to the diverse needs of students, faculty, and staff, including non-drinkers as well as those in recovery from addiction. The Tufts Health Promotion Department uses an integrated, research-based, multi-pronged approach to substance use, misuse, and abuse on campus. Focus is placed on personal and individual needs as well as the environmental factors that influence alcohol and drug use in an effort to promote wellness in our community and to optimize our students’ academic success.

Program offerings include prevention education, outreach, and training programs; confidential addiction counseling; support group services, assessments by a professional clinician, and treatment referral and information; support for family members and children of addicts; information on policies and procedures; and opportunities for student leadership and campus dialogue.

The Health Promotion Department is located at the Tufts Health and Wellness Services, 124 Professors Row. Call 617.627.5495 for information. Detailed information, including off-campus resources, is available at https://students.tufts.edu/health-and-wellness/health-promotion-and-prevention. Also found on the Tufts Health Promotion Department’s web site is practical information about alcohol and the law, warning signs of problematic substance use, what to do if a friend has too much to drink or has alcohol poisoning, how to help someone you know who might have a drinking problem, and information about treating addiction.

Employees who need assistance in dealing with alcohol and drug-related concerns including their own use and/or that of a family member, friend, or colleague may contact their Human Resources Business Partner for information and appropriate referrals, including our Employee Assistance Program (EAP). EAP provides confidential problem assessment services, counseling, treatment referrals, follow-up services, and ongoing training and support for managers and supervisors. Employees may call our EAP provider, All One Health, at 800.451.1834.

Employees may contact their Human Resources Business Partner through Tufts Support Services.

DRUG-FREE CAMPUS/DRUG-FREE WORKPLACE POLICY

Tufts University prohibits the unlawful manufacture, dispensation, distribution, sale, possession, and use of controlled substances, as well as reporting to work or conducting university business under the influence of a controlled substance. This policy applies on Tufts University property or to university activities off-campus, including university-sponsored field trips and study abroad programs. All faculty, staff, and students are required to abide by the terms of this policy. In addition, Federal law requires that any employee notify the university if he or she is convicted of any criminal drug statute for a violation occurring in the workplace, no later than
As a recipient of federal program funding, the university must certify under the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989 that it has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees. The foregoing policy is one part of that program. Federal regulations implementing these statutes also require that this policy and information about the related program be distributed annually to all campus constituencies. A notice will be sent annually in the fall to all faculty, students, and staff of the Internet location of the current version of the program.

This policy is hereby deemed incorporated into the Faculty Handbook and Student Handbook of each of the respective schools of the university, as well as the employee handbook of the university. Further changes to or clarifications of this policy may be made to all constituencies by electronic or paper notification.

DISCIPLINARY SANCTIONS
The university may impose disciplinary sanctions on students and employees who violate the standards of conduct described above. Among the sanctions that may be imposed are the following: warning, probation, suspension, dismissal, and/or referral to appropriate governmental authorities for civil and criminal prosecution. If appropriate, the university may also require completion of a rehabilitation program in connection with a disciplinary matter. Additional information may be found in the student and faculty handbooks of each school and in the university employee handbook.

LOCAL, STATE, AND FEDERAL SANCTIONS CONCERNING ALCOHOL AND DRUGS
Local, state, and federal laws make the illegal use of drugs and alcohol a criminal offense. Conviction can lead to imprisonment, fines, and other penalties. Courts do not alter sentences so that convicted persons may attend college or continue their jobs. A felony conviction may prevent one from continuing or entering certain professions.

Cities and towns in Massachusetts prohibit public consumption of alcohol and impose fines for violations. The Department of Recreation and Conservation also prohibits public consumption of alcohol in its parks and public recreational areas. Boston and other cities and towns surrounding the Tufts campuses have ordinances forbidding the possession of an open container of alcohol on any public street by a person of any age. Anyone choosing to violate such ordinances can be subject to arrest. When liquor- or drug-related violations are reported or referred to TUPD, it is Tufts’ policy to refer these cases to the campus judicial system and/or for criminal prosecution.

Massachusetts law prohibits the sale or delivery of alcoholic beverages to persons under age 21. The penalty for violating this law may be a fine of up to $2,000 or one-year imprisonment, or both. Misrepresenting one’s age or falsifying an identification to obtain alcohol is punishable by fine. Massachusetts law also prohibits the possession of an open container of alcohol in the passenger area of any motor vehicle.

Among the penalties under Massachusetts law for the first conviction of driving under the influence of alcohol are a $5,000 fine, a one-year revocation of driver’s license, up to two and a half years in prison, and a mandatory alcohol education program. For drivers between 16 and 21, any alcohol level greater than .02 (about one drink or one beer) will result in immediate revocation of the driver’s license. For those over 21, the maximum blood level is .08.

Massachusetts imposes criminal penalties for the possession and/or distribution of controlled substances or drugs without valid authorization, with penalties varying as to the type of drug. Sale and possession of drug paraphernalia is illegal in Massachusetts. Under both Massachusetts and federal law, penalties for possession, manufacture, and distribution are greater for subsequent convictions, and include mandatory prison terms, with the full minimum term being served.

Massachusetts makes it illegal to be in a place where heroin is kept and to be in the company of a person known to possess heroin.

Persons convicted of drug possession under state or federal laws are ineligible for federal student grants and loans for up to one year after the first conviction and up to five years after the second. The penalty for unlawful distribution of drugs is loss of benefits for five years after the first conviction and for a longer period after the second.

Under federal law, penalties may be doubled when a person at least 18 years old distributes drugs to persons under age 21 within 1,000 feet of a public or private elementary or secondary school or a public or private college. These penalties include a mandatory one-year prison term.

Drug trafficking involves the illegal manufacturing, supplying, transporting, storing, and/or distribution of drugs; drug possession involves having drugs for personal consumption while possession of large quantities may be deemed an intent to distribute, which is subject to larger penalties.
