

Radioactive Materials Inter-Permit Transfer

Transfer of radioactive material is permitted **following** approval by the RSO. All transfer requests should be faxed to EHS (617-636-2419) for Radiation Safety review. Complete form RSP-015 for each radioactive materials source that applies.

1. Transferring Laboratory

Principal Investigator: _____ Date of Transfer: ____/____/____

Radionuclide: _____ Chemical Form: _____ Amount of Activity (uCi): _____

Volume (ml): _____ Lot Number of Stock Solution: _____

Person Performing Transfer: _____
last name first name

Laboratory Contact: (____) _____ - _____

2. Receiving Laboratory (check one)

Principal Investigator: _____

Radiation Safety Officer

Current Inventory:

Radionuclide: _____ (mCi): _____

Radionuclide: _____ (mCi): _____

Radionuclide: _____ (mCi): _____

Radionuclide: _____ (mCi): _____

Person Receiving Material: _____
last name first name

(____) _____ - _____

3. RSO Approval:

Signature Date: ____/____/____
